Work Experience

Backend Engineer Intern @ *Ant International*
July 2026 — October 2026 On Site

- Worked on the Ant Bank HK digital bank ecosystem.
  - Migrated and deployed 2 banking workflows, preserving approval processes, access controls, and downstream integrations.
  - Implemented automatic PDF encryption on bank-issued statements, eliminating manual encryption steps for Operations team.
  - Enhanced a knowledge-base update platform covering 8 banking domains with employee audit logging, and source-evidence tracking to improve troubleshooting and traceability.
  - Built a local RAG prototype over internal knowledge base repositories.

Education

Bachelor in Computer Science (Specialising in Software Engineering)
Multimedia University
Aug 2024 — Jul 2027 *(expected)* Cyberjaya, MY | CGPA: 3.98

Leadership Experience

Vice President of Goal Execution
IT Society MMU **Dec 2025 — Present**
Conducted interviews for recruiting committee for all divisions. Overseeing the Public Relations and Multimedia division, redistributed marketing duties between the two divisions fairly. Serving as advisor for CodeNection 2026, an annual, nationwide hackathon for university students.

Head of Technical Division
CodeNection **Mar 2025 — Nov 2025**
Conducted interviews to recruit members for the Technical division. Led the team in building the official CodeNection website entirely using WordPress, with 9000+ visitors.

Assistant Head of Technical Division
IT Society MMU **Dec 2024 — Dec 2025**
Conducted interviews to recruit members for the Technical division. Led the team in building MMU Clubs Site, a clubs & societies aggregator website.

Volunteer Experience

Software Developer at Hackerspace MMU

- Volunteered as a core developer and maintainer of Hackerspace MMU's internal systems.
  - Worked alongside two other developers.
  - Fixed bugs and implemented feature requests raised by stakeholders.
  - Helped streamline the member management and onboarding workflows within the organization, easing the workload of executives.

Technical Skills

Language	TypeScript · JavaScript · Python · Ruby · Java · Go
Frontend	React · Next.js · Tailwind
Backend	Ruby On Rails · Express.js · FastAPI · Spring Boot
Services	Heroku · Supabase · Vercel · Google Apps Script · Docker
Databases	PostgreSQL · MongoDB (Basics)

Projects

Hacktrack MMU - Internal Hackerspace MMU System

- A website where Hackerspace executives manage the details of members and store their IdeaTalks/ProgressTalks related to the projects that they worked on.
- Built a robust data migration pipeline that successfully preserved data integrity and accuracy between two distinct data sources.
- Designed and implemented a zero-touch member registration pipeline using Google Apps Script, eliminating manual data entry and creating a single source of truth across platforms.
- Implemented an automated, self-working data update pipeline that syncs member data across PostgreSQL database and Google Sheets.
- Tech: Ruby on Rails, Next.js, Google Apps Script, Docker
- Deployed on: Heroku, Cloudflare Workers

ProPro - Project Proposal and Progress Tracking System

- A website where students submit their project proposals to supervisors, and supervisors may approve or reject the proposal, and record progress updates for approved projects. Used by 500+ students and lecturers.
- Revamped and redesigned the entire user interface for the site to a more clean and professional look.
- Add new features requested by users, implement bugfixes as reported by users.
- Tech: Ruby on Rails, JavaScript, Tailwind
- Deployed on: Heroku

MMU Clubs Site - MMU Clubs & Societies Aggregator

- A website where MMU students can browse and search for clubs in MMU, and club executives may update their club details and information for students to see.
- Lead the development for the club executive-facing interface. Distributed tasks to team members.
- Set up and configured authentication with Supabase Auth
- Tech: TypeScript, Express.js, Supabase, Docker

Award

- Top 10 Finalist of UMHackathon 2025
- Top 25 Finalist of Programming League National 2025

Languages

- Native: English, Mandarin
- Conversational: Malay, Cantonese
